

**Classic Construction:**

The unit is constructed using 1.125" thick particle board with double-sided thermal-fused laminate with matching 3mm PVC edge banding. Vinyl T-mold protects instrument necks. 1/4" thick chenille strips protect instrument finish from chipping and wearing.

3" heavy-duty locking casters. Casters are installed onsite by others.

**Assembly:**

Racks are shipped knocked down.

Store, protect, and transport basses safely with these mobile units. Smooth rolling design allows for easy transport through doorways from practice halls to rehearsal and performance areas.

**Premium Rhapsody® Bass Racks** are constructed the same as the Classic **EXCEPT** the Premium cabinet components are **double sided high pressure laminate (HPL)** in place of the double sided TFL.

**Shipping Class:** Density based class

**NMFC:** 80440

**Assembly:** Unassembled

**Features:**

Vinyl T-mold protects instrument necks

1/4" thick chenille strip to protect instrument finish
