

Curved Circulation Desks

specifications

Mobile & Modular

Classic Construction:

Classic cabinets (sides, sub-top, sub-bottom, center panel(s)) are constructed using 0.75" particle board with double sided thermal fused laminate (TFL) and matching 3mm PVC edge banding.* 1" double sided high pressure laminate (HPL) top with matching 3mm PVC edge banding.* Pocket screwed case with dadoed in back panels that are 3 fused sheets of HPL, with a thickness totaling 0.1".

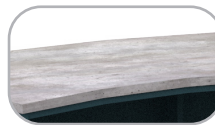

Modular desks have leveling glides. Mobile Desks have an integrated, 1" caster base with matching 3mm PVC edgebanding.* 2 locking and 3 non-locking heavy duty plate casters attach to 1" HPL bottom. Casters are installed onsite by others.

Docking magnets are standard on mobile desks and are located on both ends of the cabinets. 5 grommets are standard on modular desks.

Premium Curved Circulation Desks are constructed the same as the Classic **EXCEPT** the Premium desk components are **double sided high pressure laminate (HPL)** in place of the double sided TFL.

*3mm PVC edge banding is matching, unless otherwise specified. Complementary color available upon request.

Standard Features:

1" HPL top

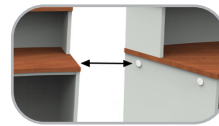

3mm PVC edgebanding

3" or 5" heavy duty locking & non-locking plate caster (standard on mobile)

Magnet docking (standard on mobile)

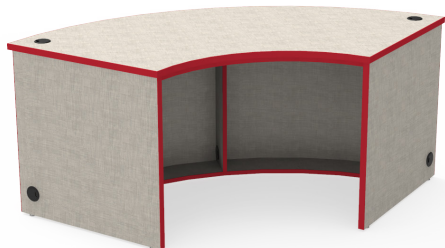

Grommets (modular, qty. 5) (standard on modular, optional on mobile)

Leveling glides (standard on modular)

Shipping Class: Density Based Class
NMFC: 80440
